

The Building Commissioning Association's Eastern Canada Chapter is now accepting abstracts for the **2026 NCBFO Conference** in **Greater Montreal Area, June 11-12, 2026**. This year's conference is being held at Holiday Inn Hotel – Laval, Quebec.

The National Conference for Building and Facility Operations (NCBFO) is an annual Canadian conference hosted by the Western and Eastern Canadian Chapters since 2014. NCBFO 2026 will be the leading forum for individuals interested in the continuous improvement in operations of buildings and facilities.

This year, we are targeting building owners, contractors and consultants who are committed to enabling buildings to optimize performance and operate at peak efficiency.

The conference is seeking session abstracts that will broadly focus on commissioning, but presentations could potentially address any of the following topics:

- AI in commissioning
- Existing Building Commissioning (EBCx)
- Optimizing Maintenance and Operations
- Ongoing Commissioning (OCx)
- Smart Buildings
- Improving Disconnects Between Design, Commissioning, and Operations
- Energy Conservation and Decarbonization
- Sustainability and Resiliency
- Overcoming Challenges with Aging Infrastructure
- Indoor Environmental Quality
- Addressing specific systems or equipment, such as:
  - Building Envelope
  - Roof Replacements
  - Digitalization and Controls
  - Integrated Systems Testing (IST)

If you have a unique and appealing presentation topic idea that is not aligned with the above list of suggested topics, submit it to us for review.

Abstracts shall be submitted by email and include the following.

- Session title.
- Type of session (e.g., presentation, workshop, panel, etc.).
- Names of the presenter(s), their titles, and their associated companies.
- Max 300-word summary presenting the problem statement, the methodology, and the findings.

Note that all sessions will be in person and could be either in French or English. We are pleased to offer free conference registration to all our selected presenters, but please note that you will still be responsible for your own travel and accommodation arrangements (we will shortly be providing more information about negotiated conference rates at the hotel).

Please submit your abstract to [bca.ecchapter@gmail.com](mailto:bca.ecchapter@gmail.com) Abstract submissions are due **Wednesday February 18th, 2026**. Accepted abstracts will be notified by **Wednesday March 11, 2026**.
