

NCBFO 2026

Conference Program / Programme de conférence

ENGLISH

FRANÇAIS

#	Speaker / Présentateur	Presentation / Présentation
1	Eric Ibey, P.Eng. Project Manager - Climate Mitigation Climate Change & Resiliency Services Strategic Initiatives Department City of Ottawa	Recommissioning for Real-World Decarbonization: Learning from Diagnosing and Optimizing a Municipal Geothermal Rec Centre
3	Peter Turk, P. Eng., Victaulic	The New Landscape of Hydronic Balancing and Control
5	CxAlloy - Thane Vajda, Customer Success Manager at Infinite Built	Improving the CPM Document: Better Ways to Track Commissioning Data
7	FCM - Carly / Valérie Hardy Officer, Partnerships and Events Marketing – GMF Green Municipal Fund	Sustainable Municipal Buildings: Funding Pathways for High-Performance Municipal Facilities
9	BACx & Coppertree John Bell Principal, Commissioning	From Static to Dynamic: Expanding the Commissioning Toolbox with AI and Building Analytics
11	Fariz Dhalla MBSC, P.Eng. Associate - Entuitive	Early Testing, Better Buildings: Integrating PMUs into IOT Workflows
13	Daniel Robert Senior Vice President – Special Projects, Kolostat Ricardo - Engineering Director	From Evapotranspiration to Useful Energy: A Real Path to Decarbonization.
15	Dominic Turgeon, P.Eng. – Engineer, Natural Resources Canada (NRCan)	

#	Speaker / Présentateur	Presentation / Présentation
2	Benoit Guenette, ing. RCx CTO Développement partenariats stratégiques - BGI Analytics	De l'analyse de données à la mise en service en continu : comment assurer la performance durable du bâtiment
4	SONIA VEILLEUX, ing., BCxP, RCx Directrice générale - Ambioner	De vérificateur à leader : faire de la mise en service un véritable moteur de collaboration et de performance durable
6	Cédric Ropartz — Directeur général, EnerZam	Mise en service continue (OCx) : utilisation d'une plateforme SIGE pour piloter une remise au point d'un bâtiment scolaire (CS Hauts Cantons)
8	BPA - Mathieu St-Germain Directeur, Mise en service	Les unités à cassettes : mise en service et considérations de conception
10	IAN BALL, ing., M.ASc., PA LEED BD+C, CBCP, CMVP, Accredited RCx Agent Expert in Commissioning and Diagnosis of New and Existing Buildings DDB Consultant	The Integrated Nature of Commissioning New and Existing Buildings - Case Studies
12	Honeywell	HVAC Control - Security
14	UL - Guillaume Laquerre Senior Sales Executive, TIC-Built Environment	CAN/ULC-S1001 : où ça commence ?

A Practical Guide to Monitoring-Based Commissioning (MBCx): A Scalable Framework for Data-Driven Building Optimization
